Kit 1 includes: spout and valve control module

Kit 2 includes: spout, valve control module and main supply hose (1/2" pipe x 3/8" comp. x 12" length)

Kit 3 includes: spout, valve control module, mixing valve and hot/cold supply hoses (3/8" comp x 3/8" comp. x 12" length)

Kit 4 includes: spout, valve control module, thermostatic mixing valve and hot/cold supply hoses (3/8" comp x 3/8" comp. x 12" length)

Kit 5 includes: spout, valve control module, mixing valve and hot/cold supply hoses (3/8" comp x 1/2" comp. x 12" length)

Kit 6 includes: 0.5 GPM spout, valve control module, mixing valve and hot/cold supply hoses (3/8" comp x 3/8" comp. x 12" length)

Faucets can be ordered with Flow Control Aerators that deliver 0.5 GPM, 1.0 GPM, 1.5 GPM, 2.0 GPM or 2.2 GPM.

* AutoFaucet supplied with 1.5 GPM (5.7 L/min) aerated flow

** AutoFaucet supplied with 2.2 GPM (10.0 L/min) laminar flow

*** AutoFaucet supplied with 0.5 GPM (2.3 L/min) laminar flow

Radius™ Technology

Radius™ Touch-Free Technology is value-engineered from the start to deliver consistent, cost-effective performance, long-term maintenance-free operation and customer delight through proprietary and patented componentry and unique advanced, accurate sensors.

Our Radius™ systems won't corrode or fail because our proprietary dry cam-gear design keeps all electronics away from water flow. The exclusive TC® technology enables our systems to be the most accurate on the market delivering error-free precise portion control and are sophisticated enough to compensate for users and the environment.

Three-Year Warranty

Fully guaranteed against defects in parts and workmanship.

AutoFaucet®

With "Surround Sensor" Technology

technical concepts
Innovative Hygiene Solutions

AutoFaucet[®]

AutoFaucet by Technical Concepts is the best washroom faucet system you can buy. Its breakthrough Surround Sensor[™] Technology delivers water only when needed, which results in water savings of up to 70 percent and helps prevent the spread of germs because of its touch-free performance. Utilizing Radius[™] Technology, the 3" omni-directional sensing zone surrounding the entire spout guarantees activation every time.

Why Technical Concepts?

For as long as we've been around, Technical Concepts has developed innovative hygiene solutions for the washroom. Today, we are a global leader, designing and manufacturing products that make washrooms cleaner, environmentally friendly and more cost effective to maintain.

Through our commitment to research and development, we are constantly seeking ways to improve upon our industry-leading reliability, ease of installation and user-friendly performance.

AutoFaucet® with Surround Sensor™ Technology

AutoFaucet delivers a first-class customer experience and promotes health and wellness. With world-class reliability, cost-effective operation, simple installation, and user-friendly performance, AutoFaucet is another innovative hygiene solution from Technical Concepts.

World-Class Reliability

Our patented cam-gear technology controls water flow. By eliminating solenoid valves, which fail, we ensure trouble-free operation.

Environmentally Efficient and Cost Effective

AutoFaucet can reduce water usage by up to 70 percent, which conserves precious resources and reduces cost.

Easy Installation

All components are included and installation takes less than 10 minutes. Available with AC Power or Battery Power—Longest Battery life in the industry (3 years).

User-Friendly Performance

Surround Sensor Technology creates an omni-directional sensing zone guaranteeing activation every time.

Optional Thermostatic Mixing Valve

Guarantees that water temperature remains in the desired range.

Promotes Health and Wellness

Recent studies indicate that public washroom users are 50 percent more likely to wash their hands in a touch-free washroom.

Polished Chrome

The AutoFaucet® is just one component of the TC® Touch-Free Washroom.™ For maximum cost effectiveness and customer delight, use the entire TC® automated bundle. Add the OneShot® Automatic Soap System for a complete touch-free wash station.

Only TC® provides the complete Touch-Free Washroom™ experience, which helps prevent the spreading of germs, creates a barrier to cross-contamination and promotes a cleaner and healthier environment.
